Design Andrea Lucatello

Il **Tavolo Alisei con top cristallo** è il **tavolo dalle linee morbide e avvolgenti**: da solo dominerà l'intera stanza in cui verrà collocato.

Il designer Andrea Lucatello ha voluto rendere omaggio ai docili venti che spirano verso l'equatore con le sue linee leggere come un soffio.

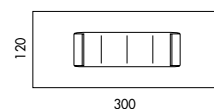

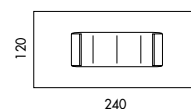

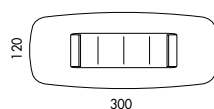

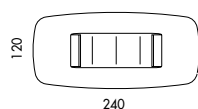

La struttura di questo tavolo di design è a strati e si ispira alle ali di un aeroplano.

I piani 240x120 e 300x120 hanno spessore 15 mm.

Disponibile anche con piano in ceramica nelle forme rettangolari e sagomate

The Alisei Table with a crystal top is a table with soft, enveloping lines that will dominate any room it is placed in. Designer Andrea Lucatello has created this piece as a tribute to the gentle winds that blow towards the equator, with its lines as light as a breeze. The structure of this design table is layered and inspired by the wings of an airplane. The sizes 240x120 and 300x120 have a thickness of 15 mm. Also available with a ceramic top in rectangular and shaped forms.
